Friday 27/5	School closes 3pm

Attendance trophy winners:

**Reception & Year 2 with 100% -
well done!**

THIS WEEK

Whole school: 95.7%

National target: 96%

Attendance

Please remember to phone the school
before 9:30a.m. to explain your child's
absence from school.

Year of Mercy thought for the week...

Put down the phone and
really listen to someone
else. *With eye contact.*

Remember sun cream and a hat on
hot days! Children should have a
water bottle in school- no juice.

Congratulations to Good Work and Star of the Week winners...

SATs

As I'm sure many of you will have seen on the news, the year 2 'Grammar, punctuation & spelling test' answers were accidentally published.

Therefore these will no longer be part of the official SATs this year. Our year 2 children will now sit 2 reading papers and 2 maths papers starting next week.

Thank you

Thank you to Sandra, Pat and Jane from church who kindly gave up their time to come and help the children make lovely flower arrangements. We hope you liked them and that they are on prominent display in your home!! The children really enjoyed this activity. We will make some more for our Mass on the 24th.

Footprints in Faith

Every Monday we would like to send home an activity to the children in class 3 which reveals each Sunday's Gospel message and reinforces it using picture and number puzzles, word games, quizzes and codes. 'Footprints in faith' is a lovely resource designed for children aged 7-12 years old.

Together children and adults are encouraged to share these resources. We hope that this will help the children discover the Gospels in an enjoyable way and lead them to know Jesus as they set out on their journey of faith.

Rocket seeds

Our school received 100 seeds in a red packet and 100 seeds in a blue packet....but we don't know which packet has been on the space station with Tim Peake!! Class 3 made predictions about how space may have affected the seeds. Now we're on day 14 and Mrs Watson and class 3 are keeping a close eye on the seedlings this week for them developing their true leaves! We're beginning to see a big difference in the growth and development of the red and blue seeds.
