

Personal, Social, Emotional / Ten:Ten

We learn about the concept of the Trinity, where God is three-in-one and each part loves the others and loves us. Children will come to understand that as we are made in the image of God, we are designed to love God and love one another in our wider communities too. Through the story of Jesus feeding the 5000 with just the humble offering of a small boy, children will learn that our loving actions can be used by God to do incredible things. Children will learn about the responsibilities they have to people, places and the planet now and increasingly as they get older.
